1. Narrative description of the Prop 28 arts education program(s) funded. (2500 character limit).

We continue to value the significant role Proposition 28 funding plays in expanding arts education opportunities for students. During the 2025-26 school year, QFY-Victor Valley continued to employ a GTE Art teacher that taught Media Arts classes. The classes were offered to students at the three school sites allowing students at all the school sites to participate in arts education programs. Proposition 28 funds were also used to purchase classroom materials, software programs, art supplies; and other student supplies necessary to support these courses. Moving forward, OFYD Victor Valley has hired a second Art teacher that will start in the 2026-27 school year and offer Intro to Art classes to students at all 3 school sites. In the future we hope to offer advanced art classes as well.
